INVEST SMARTER, TRADE WISER

Scott M. Noble, CPA/PFS is a recognized professional education instructor, author, tax reduction strategist, and estate and retirement income planning specialist who is a CPA with Personal Financial Specialist Credentials (PFS - a financial planning designation only available to CPAs) - an exam and real-world experience certification for providing extensive tax, estate, retirement, risk management, and investment planning advice to individuals, families, executives and business owners. He has also been a Dave Ramsey Certified Financial Coach. He is also author of Retire Abundantly and a sought-after educator among his peers in the financial and estate-planning industry, giving presentations on financially sound methods for a more predictable and tax efficient financial estate and retirement cash flow. He is a master financial tactician with a keen eye for the small details, having used his skill-set as an auditor of billion-dollar businesses, that can uncover

significant opportunities for tax savings and retirement cash flow that can enhance lifestyle confidence before and during retirement.

His career experience is vast having been an auditor, controller, Chief Financial Officer of several technology companies, entrepreneur, and business owner. He is a graduate of Wake Forest University, which led to a role as a senior consultant with a “big six” consulting firm where he fine-tuned his unique ability uncover hidden opportunities and dangers as well as how to make complex situations simple.

Scott is also a runner, single-digit handicap golfer and married to Denise. Together they have three daughters and live in Alpharetta, Georgia, along with their dog, Henry. In serving clients he gets most excited when money serves a family’s greater purpose and allows them to enjoy a bigger and more confident future.
